

# Sexual Harassment Prevention Training

What every employee needs to know to recognize, stop, and prevent harassment at work.

## Law SB 1343

requires that all employers of 5 or more employees must provide 1 hour of sexual harassment and abusive conduct prevention training to non-supervisory employees, and 2 hours of sexual harassment and abusive conduct prevention training to supervisory employees. This training must be provided within six months of hire, and once every two years thereafter.

To assist employers in meeting the minimum training requirements as defined by SB 1343 legislation, we offer highly interactive & legally compliant courses designed and taught by Dr. Barbara Sweet, a credentialed subject matter expert. Throughout the multifaceted courses, learners will be engaged in practical exercises and collaborative discussions designed to cultivate inclusive and respectful behaviors back at the workplace.

Hosted at the University Center at  
College of the Canyons
