

Leadership Skills Development I 40Hrs

Online, Instructor-Led, “Virtual Classroom” Via Zoom

Overview: Frequently employees are promoted to supervisory or people management positions because they are good at the job they’re doing. But a whole new set of skills is necessary to become an effective people manager and leader. This course will provide participants with the essential leadership skills to influence and direct others’ performance to achieve desired results. Participants will learn the qualities that followers expect and respect in a leader. The course will help participants recognize their own leadership strengths and capitalize on the strengths and diversity of their team. Participants will learn to create motivating circumstances that inspire employee engagement and improve performance, productivity and retention.

This course will provide participants with coaching skills needed to manage leadership challenges and facilitate critical conversations such as performance issues, employee accountability, and interpersonal conflict. Participants will also learn communication strategies and Emotional Intelligence (EQ) competencies to build mutual understanding, trust, and connectivity with others.

Who Should Attend: This course is ideal for high potential employees, newly appointed leads or supervisors, and experienced managers who want to refine their skills with current and proven leadership strategies.

Training topics to include:

- Essential Skills for Effective Leadership
- Communicating with Confidence and Credibility
- Building A High Performance Team
- Leading with Emotional Intelligence
- Coaching and Counseling for Peak Job Performance
- Generation Diversity and Inclusion Leadership
- Conflict Management and Resolution Strategies
